DETAILED ACTION

Notice to Applicant

1. This communication is in response to the Request for reconsideration filed on 10/23/06. Claims 1-20 are pending.

Claim Rejections - 35 USC § 103

2. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

3. Claims 1-20 are rejected under 35 U.S.C. 103(a) as being unpatentable over Rieker et al (5,832,447) in view of Warady et al (6,067,522), Myers (6,601,020) and further in view of Bessette (6,263,330), for substantially the same reasons given in the previous Office Action, and incorporated herein. Further reasons are presented hereinbelow

Response to Arguments

4. Applicant's arguments filed on 10/23/06 with respect to claims 1-20 have been fully considered but they are not persuasive.

(A) At pages 2-3 of the 10/23/06 response, Applicant's argues the followings:

(1) Rieker, Warady, Myers and Bessette fail to disclose a master account table including account setup information for at least one of utilization and login actions for a web-based managed care transaction system.

(2) The withdrawal of the 103 rejection of the claims 1-11 due to the DECLARATION of CHERYL A. SETZER PURSUANT to 37 C.F.R 1.131.

(B) With respect to Applicant's first argument, Examiner respectfully submitted that He relied upon the reference of Myers See Col.8, lines 28-67 which correspond to Applicant's claimed feature. Therefore, Applicant's argument is not persuasive and the rejection is hereby sustained.

(C) With respect to Applicant's second argument, Examiner respectfully stated the DECLARATION to the 37 C.F.R 1.131 has been considered but is ineffective to overcome the Meyers (6,601,020), Warady (6,067,522), Rieker (5,832,447) and Bessette (6,263,330) references.

The evidence submitted herewith of Cheryl A. Setzer is insufficient to overcome the Meyers' reference of May 3, 2000 because the referenced date in the Affidavit cannot overcome a reference with an earlier priority date May 3, 2000.

Since the declaration was insufficient, Applicant's argument directed to the rejection of the claims 1-20 used in the previous Office Action was based on the submission of the combination of the references cited above to reject the claims. Therefore, Applicant's argument is not persuasive and the rejection is hereby sustained.

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
